

Colds and Chills Bring Kidney Backache

The winter months are hardest on the kidneys. Every draught, cold or chill throws added work upon these filters of the blood. Weakened kidneys quickly clog and cause a sudden stiffness of the back. Next comes a dull throbbing backache, varied with stabs of keenest pain, headaches, dizziness, lameness in the morning. It hurts to stoop, sit down or turn in bed. Usually the urine is discolored and passages too frequent or scanty. If all danger of gravel, dropsy, diabetes, Bright's disease is to be averted, begin using Doan's Kidney Pills as soon as you notice the first sign of backache or urinary trouble. This remedy quickly frees congested kidneys, relieves inflammation, heals, tones and strengthens. By restoring health to the kidneys Doan's cure backache permanently.

DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

TOPEKA PROOF

Wm. H. Cox, 142 Twiss ave., Oakland, and well known in Topeka, Kan., says: "The great value of Doan's Kidney Pills has been proven by my experience as well as that of other members of my family with them. Before I learned of their merit my back ached constantly, and when I contracted a cold my suffering was always more intense. I was so impressed with what was said in favor of Doan's Kidney Pills that I started taking them, and was promptly relieved. On one occasion after that I felt a slight return of the pain in my back, but resorted to Doan's Kidney Pills and received just as satisfactory results as in the first instance."

George Hanley, 105 Taylor st., Topeka, Kan., says: "In 1899 Doan's Kidney Pills brought me such prompt relief from kidney trouble that I was pleased to give a testimonial in their favor. As no symptoms of the complaint has ever returned, I am now willing to confirm my former statement. When I first learned of Doan's Kidney Pills I was being bothered a great deal by an annoyance from the kidney secretions, also by pains through my back and joints. Doan's Kidney Pills went directly to the cause of my trouble, as before stated, curing me in a short time. I will always endorse them and advise their use to any one I hear complaining of kidney trouble."

ABANDONED BY PHYSICIANS— CURED BY DOAN'S KIDNEY PILLS

John J. Smith, a prominent Grand Army man of 724 East Fourth St., New Albany, Ind., says: "For years my kidneys were out of order. The urine was either cloudy and stringy, or contained a red, gritty sediment. Passages were painful and scalding and compelled me to get up as often as six times a night. Though I doctored constantly, my back continued to ache, I was always tired, and my sight began to fail me. At last I had to give up and go to bed. Then dropsy set in. My feet and hands swelled enormously, and my heart became affected so badly that I could not lie down. For weeks I sat propped in a chair, gasping for breath, with my family sitting about fearing that I would die at any moment. My post comrades paid their last call. This was my condition when I quit taking the doctor's medicine and began with Doan's Kidney Pills. It seemed almost miraculous that after taking three boxes I was out on crutches, and soon after that I was able to lay them aside and walk with a cane. A year has now passed. I am perfectly sound and well, appetite good, weight 170, kidneys regular and no heart trouble. If anybody doubts this let him write me or inquire of my neighbors."

Keep Well by Keeping The Kidneys Well

The kidneys filter the blood. Their work goes on unceasingly. Well kidneys filter out each day an ounce of uric poison and nearly two pints of water. But if the kidneys work imperfectly and uric acid is retained, it causes rheumatic pain, gout, sciatica, nervousness, headache, gravel, heart trouble, etc. It attacks all organs and weakens the system. Every change of weather makes you miserable. The body is less able to resist colds, grip, and the germs of disease. It is therefore very important to keep the kidneys well, and if their action seems irregular, passages too frequent, scanty, painful or of bad color, it is best to help them right away. Doan's Kidney Pills bring quick relief, restore healthy kidney action, cure permanently.

TOPEKA PROOF

Mrs. John W. Newberry, 1705 Kansas ave., Topeka, Kan., says: "I am always willing to testify in behalf of Doan's Kidney Pills, my experience with them having proven that they are a reliable remedy for kidney trouble. When I first learned of them I was suffering from pains in my back, attacks of which had bothered me for three or four years. There was also a difficulty with the kidney secretions. I used remedy after remedy, but obtained no relief, and upon learning of Doan's Kidney Pills I began taking them. They not only disposed of the pains in my back, but strengthened the kidneys and improved my general health. There has never been any return of the trouble, thus proving the permanency of the cure which Doan's Kidney Pills performed."

Mrs. Albert Von Wolf, 203 Buchanan st., Topeka, Kan., says: "For a long time I suffered from severe backaches, brought on, no doubt, by overwork. I failed to attend to the trouble and it gradually grew worse until the pains became almost unbearable. When I performed any work that required stooping or lifting, or if I contracted a cold, my suffering was more intense. I was unable to sleep at night, was bothered with frequent dizzy spells and often had rheumatic twinges in my shoulders. Coming to the conclusion that the trouble was caused by disordered kidneys I started taking Doan's Kidney Pills, my condition improved, and a remedy of true merit. They cured me in a short time and I am always pleased to speak in their favor."

HE TALKED ON LINCOLN.

How Colonel Carr Made a Washington Birthday Address.

Ithaca, N. Y., Feb. 22.—"Realizing that no right-minded American can answer back in terms of bitterness to the president, Abraham Lincoln never permitted himself in the exercise of the great prerogative to be harsh or severe," said Colonel Clark E. Carr of Illinois, former American minister to Denmark, in an address to the Cornell students of Cornell university.

"A general of the army, the admiral of the navy, the humblest results in the service or even a United States senator could without giving offense enter his presence erect and frankly present his views. He never quarreled with a political adversary. He was so just to all those with whom he had a controversy and to those whom he called to account that they respected him and his friends. He never became a friend of his enemies. He never relegated them to an Ananias club."

Colonel Carr was the principal speaker at the Washington birthday celebration at the university, but he took as a subject the life of the great emancipator instead of that of the father of his country. He described Mr. Lincoln as once the drollest and most serious man he ever knew and told of his devotion to the party for which he worked.

"He did not for a moment believe that honest party service disqualified a man for public office," said Colonel Carr. "He had not one drop of mugwump blood in his veins. When he entered the great office of president, instead of being jealous of them he placed every rival candidate for the

nomination in his cabinet. He found upon his accession, every official position held by a Democrat. When the term upon which he entered expired, every civil office was held by a Republican."

"President Lincoln never placed a man in position merely because he was a personal favorite. He called to the command of all the armies a man he had never seen. With the most consummate tact and wisdom Mr. Lincoln formed and availed himself of the transcendent abilities of the ablest cabinet that ever surrounded a president."

BOLTERS HOLD CAUCUSES

Delegates Chosen to a Convention to Be Held Next Week.

The caucuses held under the direction of the bolting faction from the county Republican Central committee last evening for the purpose of electing delegates to the county convention on the 25th, to elect in turn delegates to the state convention were quite well attended.

"He did not for a moment believe that honest party service disqualified a man for public office," said Colonel Carr. "He had not one drop of mugwump blood in his veins. When he entered the great office of president, instead of being jealous of them he placed every rival candidate for the

Congressman Sherman Visits White House to Deny Reports.

Washington, Feb. 22.—Representative Sherman, (N. Y.) chairman of the congressional committee on the White House today and talked with the president. Mr. Sherman with considerable warmth declared as false any declaration that his committee had received from the Electric Bolt company of New Jersey, owners of the Holland submarine boat any contribution for the congressional campaign two years ago.

"I do not believe that Representative Lilly made any such statement as this," said Mr. Sherman, "because he asked me about it before he introduced his resolution and I told him that my committee had never received a dollar from this bolt company or any other. I am sure that Mr. Lilly will accept what I told him as correct."

SHIMER IS BEATEN.

Old Members of Shunganunga Drainage Board Turned Down.

At a meeting called by the board of directors of the drainage district for the purpose of nominating directors for the ensuing three years at the store of J. C. Shimer, 1315 Kansas avenue, last night, a lively skirmish took place between the delegation representing the Shunganunga district and those representing the Keith addition force of the Fifth ward. The latter had the majority at the meeting of nearly three to one.

J. C. Shimer, former councilman from the Fifth ward, was one of those who were working in the interests of the Shunganunga crowd. He is very sore at the way the Keith crowd ran the band wagon last night.

"They brought besides themselves their wives and sweethearts, and because of their thoughtlessness outnumbered us about ten to one," said Mr. Shimer. "The people in that addition are opposing every improvement that is agitated for the benefit of the drainage district on account of the tax increase."

"They have fought the men in this district who have worked hard to make this part of town inhabitable and safe from the overflow of the creek that runs at our very doors. They have opposed us in everything that we have done for the good of the district. The board of directors is provided a salary of \$8 a day every eight hours they work. But this board has never charged a single cent for the time and services that it has given to the betterment of this section of the city, and withal it is scoffed at and criticized for the good that has been done. Now they are trying to further oppose the improvements by taking possession of the caucus and running the nomination of the board for the coming three years. They nominated a board and so did we. They expect to elect it to a man, and so do we. Every man who was nominated last night will be on the ticket, of course."

Mr. Shimer is one of the members of the board who will be retired by the nominations which were made last night. The insurgents claim that the affairs of the drainage board have been recklessly administered and the money

German Professor Hurt in Wreck. Pittsburgh, Pa., Feb. 22.—Professor Rudolph Leonhardt, formerly of the University of Breslau, Germany, was injured when the B. & O. train was derailed at Salisbury Junction. Prof. Leonhardt is one of President Roosevelt's ex-professors and is affiliated with Harvard. He is to make an address before the German club here tonight and it is said his injuries will not interfere with his program.

With the exception of a severe shaking up, none of the other passengers was hurt.

Wants Its Money Back.

Washington, Feb. 22.—President Roosevelt today considered with Chairman Miller of the house committee on claims the question of reimbursing the Southern Pacific Railway company to the extent of \$1,600,000, the amount expended in repairing the break in the Colorado river. Hearings regarding the claim are to be begun by the committee Monday. The money was spent by the railway company pursuant to what it regarded as an understanding that the government should bear the expense.

MEANS REVOLUTION.

Senator Burkett Attacks Government Ownership of Railroads.

Washington, Feb. 22.—Senator Burkett, of Nebraska, was the principal speaker today at the winter convocation of the George Washington university, held at the Belasco theater. The trustees and members of the faculty, in caps and gowns, marched in procession from the university to the theater. Senator Burkett's theme was "The Protest of Americanism Against

Government Ownership of Railroads." Government ownership, he declared, would be a spear thrust to the very heart of our body politic and a mean revolution not only politically but commercially, as well as paternalism in politics and socialism in commerce. The system was un-American. It would involve an enormous expenditure, because experience had shown that the United States never made money out of anything.

Albany, N. Y., Feb. 22.—Dr. Ferris, president of the state commission on lunacy said today that Harry K. Thaw, acquitted of the murder of Stanford White on the ground of insanity, was being closely watched by Superintendent Lomb of the State hospital for the insane at Matteawan. Dr. Ferris said that the procedure in such cases as Thaw's is to observe the patient for the first sixty days of his confinement and at the end of that period if he is regarded by the superintendent as sane a report to that effect will be made to the court.

He said after he has made his examinations and observations to be insane, it is unlikely that a report will be made to the court unless required by Thaw's counsel.

Heavy Sentence for Embezzlement. Pittsburgh, Pa., Feb. 22.—Convicted of embezzling 400 shares of capital stock of the American Sewer Pipe company, valued at \$12,000, entrusted to their care, E. D. Garter and A. J. Harnack, well known brokers, were sentenced today each to pay a fine of \$250, one-half the costs of prosecution and to serve one year and three months in the penitentiary. The severity of the sentence caused a gasp of surprise from the spectators and the prisoners were dumbfounded.
